The Americans with Disabilities Act is landmark legislation that acknowledges and protects the civil rights of individuals with disabilities. As we celebrate the 31st anniversary of the signing of the ADA we invite you to join us as we discuss what it takes to make our communities among the most inclusive, disability-friendly places to live, learn, work, worship and play for everyone. Learn from Dr. Phillip Stafford, an expert in creating livable communities. Hear about the experiences and successes of communities in Ohio who are moving forward on these initiatives.
